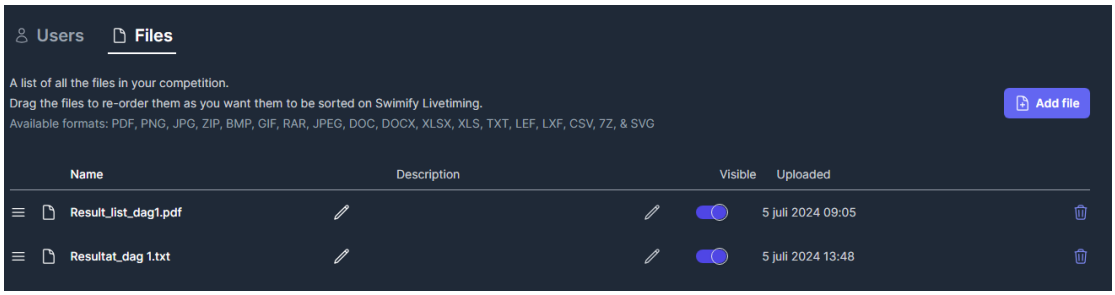
Swimify Admin - Files Tool Release

2024-09-26 - Josefin Ström - Releases

A new version of Swimify Admin has been released! Available now on admin.swimify.com & admin.au.swimify.com.

It is now possible to upload files to Swimify Livetiming File Archive

You can now upload files, edit descriptions and change visibility for files shown on your competition.



It is also possible to change the sort order for the files by dragging them to another position.

Sorry, video playback isn't supported by your browser.

Other fixes in the release of v.1.0.24

Fixed bug where it was not possible to remove competition logos or organizer logo.

Fixed bug where incorrect password was copied when trying to copy Superlive password.
