

Swimify Livetiming App Update - v2.3

2023-09-08 - Josefin Ström - Releases

A new version of Swimify Livetiming App has been released. Available on Google Play and Apple App Store.

New Features

☐ **Added filter on country on competitions**

Now it is possible to show only competitions from a selected country, making it easier to find your competitions.

☐ **Added showing reaction time in splits in race details view, previously missing**

☐ **Added showing qualifications in swimmer details view**

Now it is possible to see if swimmer has qualified in an event if you are looking at all the events of one swimmer. Previously this was missing.

☐ **Added search competition feature to favourite swimmer view**

When looking at a starred swimmer who has been in many competitions it is now possible to search for a specific competition.

☐ **Added records to entry, heat and summary lists**

Now you can see previous records in event view, if the competition management has added them to the competition.

Bug Fixes

☐ Fix bug with restoring purchases making the app crash.

☐ Fix bug that made the app freeze on the loading screen occasionally.

☐ Fix bug that made long competition names be cut off weirdly.
