WinGrodan v2.9.8458.21630 released

2023-02-27 - Erik Fornander - Releases

A new version of WinGrodan 2 has been released. With this new release we have added Swimify LiveTiming tab so you are able to create and upload data to [Swimify.com](https://swimify.com) for your competition.

If you want to download this version you can go to this link: [WinGrodan 2 Admin installation v2.9.8458.21630](#).

To see a full list of changes you need to go to the [WinGrodan 2 Admin changelog](#).
