WinGrodan v2.9.8458.21630 released

2023-02-27 - Erik Fornander - Releases

A new version of WinGrodan 2 has been released. With this new release we have added Swimify LiveTiming tab so you are able to create and upload data to Swimify.com for your competition.

If you want to download this version you can go to this link: WinGrodan 2 Admin installation v2.9.8458.21630.

To see a full list of changes you need to go to the WinGrodan 2 Admin changelog.
