New version 2.11.8915.25400 of Swimify Meet Manager released

2024-05-29 - Erik Fornander - [Releases](#)

A new version of Swimify Meet Manager has been released. A new feature in this version is that the program will check the results when you set the event/round to status Official and warn the user if a result is unreasonable good, for example faster than 40 seconds in a 100m race. The program will also highlight the splittimes that seem to be too fast (example if the 50m split is faster than 18 seconds).
