New version v2.13.9385.25649 of Swimify Meet Manager released

2025-09-11 - Erik Fornander - [Releases](#)

A new version of Swimify Meet Manager, Swimify Timekeeping and Swimify Announcer has been released. We have fixed lots of bugs and also added some new functionality. You can now add custom fees to participating clubs that will be included in the charging basis reports. See image below.

For full change log then please check links below:

The screenshot shows the 'Teams/Clubs' management interface. At the top, there are navigation tabs: Teams/Clubs (highlighted), Competitors, Swimify LiveTiming, Withdrawal, Time schedule, Seeding, Results, and Points. Below the tabs are several action buttons: 'Delete team/club', 'Update club from club database', 'Update club database from internet', 'Team statistics', 'Charging basis', 'Print team list', and 'Seriesim/Holdstævne club order...'. A sidebar on the left lists countries, with 'Sweden' selected. The main area is divided into 'Required fields' and 'Optional fields'. The 'Required fields' section includes: Name (Test team), Short name (Test team), Code, Country (Sweden), and District ([Not selected]). The 'Optional fields' section includes: Custom filter, Telephone, Email, Address 1, Address 2, Zip code, and City. Below these fields is a 'Coaches (0)' section and a 'Club fees' section. The 'Club fees' section contains a table with columns 'Fee', 'Message', and 'Created at'. One fee is listed: Fee 25, Message 'Late change of relay team swimmers in event 12, 4x50m freestyle men', and Created at '9/11/2025 3:45:44 PM'. At the bottom of the 'Club fees' section are buttons for 'Add club fee' and 'Remove club fee'.
