Swimify Livetiming App Update - v2.11

2024-10-22 - Josefin Ström - Releases

A new version of Swimify Livetiming App has been released. Available on Google Play and Apple App Store.

Bug Fixes

Fixed critical bug where no notifications were sent for users

Now all users should start getting notified when their favourite swimmers are added to a startlist, or when they have gotten new results.

New Features

New views have been added in Swimmers view.

It is now possible to see all entries per club and all heats per club, either grouped by event or by swimmer.
